INTERNATIONAL PROPHECIES

OUR BELIEF STATEMENT

Prophecy is defined as a statement that says what is going to happen in the future, Especially one that is based on what you believe about a particular matter rather than existing facts.

It is worthy of NOTE that our belief system is governed not by the seen, Nor of the heard, rather by the mind and intent of the ruler of Zion and maker of the universe.

DISCLAIMER

According to the measure of Grace given to us as ministry, we have been able to document these few prophecies but we will not cease to reveal the mind of God on other issues as God grants Grace.

It should be noted that the Prophetic is an act of God's mercy, it only speaks what it hears or see confirms the decree of God, expose the agenda of darkness, and sometimes goes against the will of the people.

The Prophet is simply a vessel, not the originator of the message. Pray, Plan and Prepare. Prophecy is defined as a statement that says what is going to happen in the future, especially one that is based on what you believe about a particular matter rather than existing facts. It is worthy of NOTE that our belief system is governed not by the seen, Nor of the heard, rather by the mind and intent of the ruler of Zion and maker of the universe
